PARIS COMMITTEE

Delhi and Mumbai
12 Parisian tourism
professionals

"In 2007, a brand new Paris!"

Paris has for a long time been a « museum-city » with outstanding advantages, but has undergone a transformation that today delights and attracts 27 million visitors each year. With its tourist sites and vibrant cultural scene, but also its hotels, restaurants and shopping, the French capital invites you to discover its resolutely unique "way of life".

The Paris Committee is made up of a group of 17 Parisian tourism professionals. They are representative of the range of tourist products on offer in Paris and all convey an innovative image of the French capital, paying special attention to the welcome provided for Indian clients.

For the first time, from 5th to 9th March 2007, the Paris Convention and Visitors Bureau will lead a delegation of 12 professionals belonging to the Paris Committee for promotional exclusive Paris events in Delhi and Mumbai. The professionals presented in this brochure are your main contacts for the Indian market in Paris.

The Paris Convention and Visitors Bureau hopes in this way to develop closer relationships with Indian operators and therefore to respond more effectively to their requests.
